

ASHA Bulletin

Message from the President

Dear Fellow Members:

When this reaches you, you should be through your foaling season and well into the show season. Hope all of that is going well for each and every one of you. For those of you that don't show or have a breeding operation I hope your taking advantage of opportunity you can to spend time with our favorite breed.

We had some visitors at our farm the other day (mid-July). They were commenting on how friendly and personable the horses were compared to the other breeds they had experience with. I found myself reflecting on the wonderful personality of these horses and how lucky we are to be involved with them. Some of you may know that historically the Shire breed was criticized for being too cold blooded and not having enough drive and spirit. Of course that was back in the days when horses were being worked on the farm hour after hour and day after day. It seems to me that in today's world where very few of us get the opportunity to actually work our horses to that extent having a breed that is very laid back and easy to manage is a major asset. More and more we are seeing a population of horse owners looking for a breed with those traits. This allows us a very unique opportunity to promote our breed within the larger horse community.

From ASHA's standpoint we continue to improve our profitability and make progress in our organization. We are of course a volunteer group and as such cannot always be as consistently responsive or timely as if we had hired employees and were able to make a full-time commitment to the tasks we take on. For those times when we have not kept in contact as often as we would wish, please understand that for us this is a labor of love and a passion but the reality is that many other pressures in our lives cause us to need to prioritize.

As you know, this is an election year and you have the responsibility and the opportunity to participate in choosing the direction and focus of your organization. I would ask you to take that responsibility seriously and remember that "politics is the art of accomplishing the possible through compromise." It is through this exchanging of ideas and listening to each other that the wisest path is chosen and the best solutions arrived at.

The member survey results are in and that report will be provided to you in this newsletter. We thank those who participated in the survey and be assured that your comments and suggested direction are taken very seriously by the board and the officers.

I would again urge you to contact board members or officers to let us know where we can better serve you but also to provide us with some ideas of what you could do for this organization. Volunteerism is our lifeblood and we need your participation. This organization is only as good as you make it so please pitch in and help.

Best wishes to all.

Easier Access to Meeting Minutes

In the ongoing effort to improve communications between the board and members, a separate page has been set up on the members section of the website for posting minutes of meetings. To access this area, log in to the Members Only section of the website and click on 'Meeting Minutes' in the menu. You can then click on the minutes you are interested in reading. When new meeting minutes are posted, a notice will be sent through the ASHA News portion of the message board.

Volunteers Needed for Committees

The Breed Promotion Committee is in need of a new chair or co-chairs. Katy Miller and Jack Taylor have had to resign due to the time demands of their day jobs. If no one can be found to take over this committee, it will become essentially inactive, with only the basics done for a few trade shows and similar events, and baseline assistance to members who would like to do a promotional event.

The Merchandise Committee is in need of a new chair or co-chairs. This committee is only minimally active due to lack of member(s) willing to help.

If anyone is interested in volunteering for these committees, or any other committee, please contact a board member for more information.

Would You Like to Receive Your Bulletin by E-Mail?

Due to continuing problems with USPS bulk mail delivery, the board voted at the teleconference on July 12th to begin routinely sending the quarterly members' bulletin by first class mail and to look into E-mail delivery of the bulletin (and possibly additional information in the future) for those who would prefer the electronic method. According to the Association by laws, in order to set up electronic delivery of information from the association to the members, members must request this method of communication.

If you would prefer to receive your quarterly bulletin electronically, send an E-mail to Karla Stoner at bloomforge@peoplepc.com requesting this option. Once we have names of those who would prefer the electronic method, an address list will be set up and mailings will be initiated. The main advantage of this method will be quicker delivery of the bulletin. Members requesting electronic delivery will have to maintain current E-mail addresses with the Association to insure continued delivery.

Members preferring to receive their bulletins through the regular mail will continue to do so.

NOTE: this is for the members' bulletin only, not the magazine.

Nominating Committee Update

Members who declared their interest in running for the board were sent candidate questionnaires by August 1st. The completed forms must be returned to the committee chair, Heinz Naef, either postmarked or E-mailed no later than August 20th. Forms postmarked or E-mailed after August 20th will not be considered. The committee will confirm eligibility, review all forms and determine the final slate of candidates, which will be printed in the fall bulletin with candidate contact information and their responses to the questionnaire.

Correction to Committee member's address: Dawn Wikel's address has changed, her new address is: 65802 CR 665, Paw Paw, MI 49079. E-mail is the same: shires99@msn.com

Don't forget to send in your Birth Announcements!

2009 Annual Meeting

The board voted at the 2008 annual meeting to hold the 2009 annual meeting in the Dallas - Fort Worth, TX area. Tentative dates are February 21, 22 & 23, 2009. Details of hotel, etc. will be posted when they are available.

Any members who would be willing to help with setting up activities for a members' day or education day, especially those local to the surrounding area, please contact the office or a board member as soon as possible.

Don't forget to check out the merchandise on www.shirehorse.org. The new shopping cart is operational!

Sponsors Needed for the 2008 National Show

If you would be interested in sponsoring an award at the upcoming National Show in Harrisburg, PA in October, contact Karla Stoner (bloomforge@peoplepc.com or 301-874-3250) or Vicky McCaffrey (oxkill@capital.net or 518-872-1295).

Sponsors are needed for:

The Shire Junior Cart class - This is new a class offered this year for registered 2 and 3 year old Shire mares, geldings or stallions. Total premium offered is \$240.00. Partial sponsorships accepted.

2008 and 2009 National Trophies for Senior Champion Stallion - \$120.00 for 2 years of trophies. Sponsor's names will appear on the trophies and in printed show programs and results.

Premiums for Best American Bred Classes (stallion, mare and gelding - registered with ASHA and bred, born and raised in the U.S.) - \$50.00 each (total \$150.00) ASHA will match the premium, so winners will receive \$100.

Sponsorships for any other classes are welcome. If you have a favorite class you would like to sponsor, let us know. All sponsors will be acknowledged in printed show material, ASHA member bulletins and show results.

2008 Member Opinion Survey – Objective Summary Results

The following is a summary of the survey respondent profile and the results for questions with objective answers (yes or no, ratings, etc.). Results of questions requesting suggestions or comments are being summarized and will be made available to the members as soon as possible.

364 surveys were mailed out. 116 completed surveys were returned for a ~32% response.

Respondent profile (question numbers 16.a – c and 3a and c

16.a. Length of Membership		16. b. Own Shires?		16.c. Breeders	
No answer*	3	No answer*	8	No answer*	4
Less than 2 yrs	20	Do not own	8	Currently breeding	71
3 to 5 years	21	Yes	100	Used to breed, but not now	22
6 to 10 years	20	# owned 1-5	61	Do not breed	19
More than 10 years	52	6-10	14	3.a & c. Showing	
		11-15	10	No answer*	16
		16 – 20	2	ASHA sponsored shows	61
		21+	6	Other types of shows	59
		Most owned	60+		

* Number of respondents who did not answer this question.

Question ratings:

1). **Location of National Show:** 112 of the 116 people responded to this question.

OPTION	All respondents	Respondents who show
Maintain current system – rotate west-east-mid-west with flexibility to choose specific sites based on historic exhibitor turnout	70	31
Select 3 specific sites , one for each geographical area and rotate between these sites	28	16
Select one site (probably mid-west) and hold it at that site each year	14	10

Results show a clear preference for maintaining the current system of locating the National Show for all respondents and for respondents who show.

2). **Are you in favor of the new premier point system for shows, which was on trial in 2007?** 72 of the 116 people responded to this question. Of the people who did not answer the question, comments indicated many were not familiar with this program, including eight who show.

OPTION	All respondents	Respondents who show at ASHA shows
In favor of Premier Points system	50	33
Not in favor of Premier Points system	22	15

3).a. **How often do you show your Shires at ASHA shows?** and 3).c. **Do you show your Shires at other types of shows?** See Respondent Profile table above under 'Showing' (far right column, bottom half)

5). **Equine trade shows** – 109 of the 116 people responded to this question.

OPTION	Responses
Continue at current level (2 – 3 Equine Affaires) as finances and volunteers permit	39
Continue and expand to other similar events as finances and volunteers permit	52
Discontinues this promotional approach and use money for other approaches	18

Results show a clear preference for continuing and expanding this promotional approach.

7). **Rate your level of satisfaction with the Shire magazine.** 112 of the 116 people responded to this question.

	Very Satisfied		No Opinion			Very dissatisfied
Rating	5	4	3	2.5	2	1
Responses	36	44	9	1	7	15

About 70% of the respondents are satisfied or very satisfied with the magazine.

8).a. **Continue with the magazine for another year, finances permitting?** 110 of the 116 people responded to this question.

Options	Responses
Yes	86
Qualified yes*	4
No	20

* concerns about cost.

8).b. Are you satisfied with the information provided in the members' bulletin? 102 of the 116 people responded to this question.

Options	Responses
Yes	85
No	17

9). Rate your level of satisfaction with the performance of ASHA's current board of directors. 103 of the 116 people responded to this question. **Average rating = 3.37**

	Very Satisfied				Very dissatisfied
Rating	5	4	3	2	1
Responses	27	27	22	11	16

10). Rate your level of satisfaction with the level of communication from the board to the membership. 110 of the 116 people responded to this question. **Average Rating = 3.28**

	Very Satisfied				Very dissatisfied
Rating	5	4	3	2	1
Responses	29	24	25	14	18

11). Rate your level of satisfaction with the ASHA office for efficiency and assistance in registration and transfer matters. 102 of the 116 people responded to this question. **Average rating = 3.99**

	Very Satisfied				Very dissatisfied
Rating	5	4	3	2	1
Responses	45	32	12	5	8

12). Rate your level of satisfaction with the ASHA office for efficiency and assistance with membership service matters. 103 of the 116 people responded to this question.

Average rating = 3.82

	Very Satisfied				Very dissatisfied
Rating	5	4	3	2	1
Responses	34	40	16	3	10

18). Are you in favor or not in favor of a stallion inspection program? 99 of the 116 people responded to the question.

OPTION	All respondents	Respondents who are or were breeders
In favor of a stallion inspection program	53	41
Would depend on the type of program	5	5
Not in favor of a stallion inspection program	41	37

Breed Promotion Events Schedule (other than shows)

- ❖ 2008 Equine Affaire in Massachusetts - November 13-16, Eastern States Exposition Complex, West Springfield, MA. There will be an ASHA booth and breed stall in the breed pavilion and breed demos over the weekend. Coordinator for Shires at the event is Vicky McCaffrey, (oxkill@capital.net). Booth coordinators are Pam Correll (secretary@shirehorse.org) and Karla Stoner (bloomforge@peoplepc.com).
- ❖ January 1, 2009 - Rose Bowl Parade - Pasadena, CA. A group of ten people have been accepted to have a group of Shires in the next parade. More detail will be provided in the fall bulletin. Contact: Marcia Mayeda, marciamayeda@verizon.net . Plan to watch the Rose Bowl Parade on January 1, 2009!!
- ❖ Tentative - 2009 California Equine Affaire - January 29 - February 1. Breed demos and an ASHA booth and breed stall in the breed pavilion are planned. Contacts: Marcia Mayeda, marciamayeda@verizon.net and Barb Knutson, barbknutson@sbcglobal.net

If you have an upcoming promotional event for Shires you would like listed in the events schedule or need help setting up an event, contact Pam Correll (secretary@shirehorse.org) and Karla Stoner (bloomforge@peoplepc.com).

Horse Progress Days 2008

Horse Progress Days was held on July 4th and 5th at the Mt.
Hope Auction grounds in Mt. Hope, OH.

This is the second time ASHA has had a booth presence at
this event. The first time was when it was held in Michigan
and Dan Hubble and his family set up an information booth.

This year a merchandise and information booth was set up
for both days of the event. Members Tony Imperatrice, Edie
James and Melissa Wade helped out in the booth as did
Canadian Shire Assoc. members Jim Alexander and Sandra
Rutter. The traffic through the booth was very good and
while sales were a bit slow, a lot of information was handed
out and questions about the breed and the association
answered. Attendance at the event was reported to be the
highest at any Horse Progress Days to date. The estimate for
July 4th was 12,000 people, including quite a few
international visitors and Saturday's attendance, while lower,
was still quite good. The activities and demonstrations
seemed to be well organized and to flow smoothly. The event
organizers were very good to work with and very
appreciative of ASHA's participation. They hope to see us at
future Horse Progress Days.

Shires were very well represented by Todd Riedel and Emily
Cullison (Trail-Light Farm, Seville, OH) and Bill Troyer and
his family (Royal View Farms, Millersburg, OH). An
upcoming article in the fall magazine will have pictures and
more detail on the horses and the activities. The cover
picture on the 2008 Horse Progress Days guidebook and the
schedule of events handed out to all attendees was a team of
Bill's Shires pulling a manure spreader. ASHA has received

permission from Horse Progress Days and the photographer
to use this photo in breed promotions.

Continued presence of ASHA at this event is strongly
recommended as it helps to support and maintain the draft
purpose for the breed. Booth cost was \$60 this year and the
profit from the sales volume was more than enough to cover
this expense. The challenge will be finding members willing
and able to either bring horses or volunteer their time to set
up and man the booth at the events.

DVD's of the 2008 event may be ordered through Rural
Heritage, P.O. Box 2067, Cedar Rapids, IA, for \$34.95
(including shipping). Horse Progress Days 2009 will be in
southern Indiana. For more information, visit their website:
www.horseprogressdays.com

Respectfully submitted,
Karla Stoner

Status of the Annual Meeting Minutes

The draft minutes of annual meeting should be on their way
by the time you receive this bulletin. I apologize for the
excessive delay in getting these minutes out this year. Time
demands in the personal and work lives of those of us who
put the information together have been unusually difficult
this spring and summer. Things appear to be getting back on
track and we hope to do better in the future.

The draft minutes of the 2nd quarter board teleconference
will also be included in the packet.

Karla Stoner

Summary the 2008 North American
Draft Horse Associations
Presidents and Secretaries Meeting
June 28, 2008

Place: Office of the Percheron Horse Association of
America (PHAA), Fredericktown, OH

Attendees: (a list of attendees was not prepared, so some
names maybe missing)

American Cream Draft Horse Association:

Nancy Lively, Secretary and David Lively

American Shire Horse Association:

Karla Stoner, Vice President

American Suffolk Horse Association:

Mary Margret Reed, Secretary and Rodney Reed

Belgian Draft Horse Corporation of America:

Crea Eller, Board member, Vicki Knott, Secretary.

Canadian Belgian Horse Association:

Barb Meyers, Secretary.

Canadian Percheron Association:

Dave Logie, President, Donna Swanston, Vice President,

Kathy Ackles, Secretary

Clydesdale Breeders of the U.S.:

Betty Groves and Kathy Behn, Secretaries, two other
members of the office staff and Ryan Mullen, board
member.

Percheron Horse Association of America:

Albert Clevy, President, Alex Christian, Secretary and
members of the office staff

Agenda Items Discussed

1). Horse Slaughter - anything we can do? None of the
registries present indicated they had taken any official stand
on this matter as the members in the organizations were
divided on the issue. Pros and cons were discussed, but
nothing new was brought up. Canada mentioned they have
nothing on this up there yet, but it may become an issue in
the near future.

2). Horse Shows – anything we can do? [To improve partici-
pation] Impact of fuel costs and other factors were dis-
cussed. Exhibitors may change venues to more local shows
and field days or do fewer shows per year to deal with fuel
costs. Crae Eller mentioned that Indianapolis entries are
falling off about 10% a year. Albert Clivey said they are
losing about one show a year at fairs and may not get them
back. He felt this was something we will just have to live
through. The positive things that were discussed include
treating exhibitors very well before and during the show.
Everyone felt this was the most important thing and more
important than premium money. To keep new people coming
in to shows, set up mentoring programs. Older generations
are getting out - need to bring in new people and help them
get started.

3). Ways of using new technology such as DNA. It was
interesting that many of the other registries are just getting
into DNA for all registrations. The PHAA found a lot of

mismatches in their spot checking program for dams.
Stallions have been required to be DNA typed, but they will
start requiring DNA for all registrations in the near future.
The CA Belgian Assoc. will start DNA for all females or
transfers in 2009. Stallions are done. A discussion of costs
for DNA testing for both the breeder and the registry
followed. Generally, all the registries using DNA testing try
to just break even on costs. For those moving toward
expanding DNA testing, PHAA recommended publicizing
proposed changes in this (and other areas) to let members
talk about them for awhile. There seems to be more coopera-
tion if you don't move too quickly on rules changes.
Inquiries were made on which labs are used for DNA testing.
UC Davis was mentioned by most, but the Suffolk registry
uses Texas A&M or Kentucky, because the Davis lab would
not deal with them.

4). Ways of increasing and retaining membership – Belgian
Corp of Am. charges \$100 initial membership fee which
covers at least one full year (may be more than that depend-
ing on when the person joins). After that it is \$39 per year. If
a member lets their membership lapse and then wants to join
again, they have to pay the \$100 initial fee again. To encour-
age renewals, most use multiple reminders and some
'freebies' to renew (free calendar, pin, magazine, etc.). The
Clyde assoc. has found that their new monthly E-mail
newsletter has been useful as a renewal reminder. Life
memberships were discussed. Several of the associations do
not have them. Others felt the category should be offered.

5). Do you allow skipped transfers of ownership? What if
anything are you doing to prevent them? PHAA reported
that skipped transfers are against federal law. They require
the seller to send in the transfer & fee to the office or pay a
penalty of \$25. Before they had this rule, they averaged 105
transfers for every 100 registrations. After it was in place,
they averaged 153 transfers for every 100 registrations.
Several registries use increasing transfer fees for the amount
of time after the sale to encourage prompt transfers (30 days,
31-90 days and over 90 days). Some of the registries have
pedigree committees that deal with problems with registra-
tions and transfers. The PHAA has a rule that allows barring
someone from doing business with the assoc. if they do not
follow the transfer and registration rules. They report that it
has been successful. The people that ignore it are usually
selling their last horse and won't need to deal with the
association anymore. They also send letters to breeders who
pass on registrations or transfers to buyers (i.e. buyer
registers or sends in transfer on the horse).

6). How can we encourage registration of geldings. Better
yet, how can we keep transfers up to date? Stress value of
registration to track pedigree for performance, conformation
and disposition characteristics and to promote sires and
dams. Suggestions included offering reduced registration fees
for breeders to register geldings and having incentives for
registered animals in shows.

7). Animal identification law / microchips – the U.S. law
appears to be on the back burner for the moment due to lack
of funding. None of the registries present were requiring any
form of ID. Some said their members are doing it voluntarily

and there was discussion on how to record it in the registration process and where to put the information. The developer of the heavy horse program is working on fields to accommodate this information, but it was not clear if this was ready yet. Another issue was where to attach the bar code label for the chip. Most felt it should not be attached to the registration certificate. It was also suggested that authorization be required from the vet or vet tech that implanted the chip.

8). Drug and cruel devices at shows and sales??? PHAA asked about this since they had gotten a petition from people at the Gordyville sale about banning these things. They have set up a 3 person standing committee to look into it, but there are a lot of questions on how to decide where to draw the line. None of the other registries indicated having similar committees and most felt it would be a nightmare to administer and police. Some felt this was something the shows and sales should deal with, but the difficult questions are the real problem.

9). Frozen semen and embryo transplants –since ASHA is in the process of setting up rules for registering foals from these methods, I inquired how other registries handle it. PHAA registers the horse resulting from frozen semen or embryos, or embryo transfer as long as it qualifies to the parents through DNA testing. They do not appear to be overly concerned with the ownership, but they have had a long standing policy of doing whatever it takes to ensure that every buyer gets papers. The Belgian Corp. offered to provide their forms and registration rules for embryos (not necessarily frozen) for references (that material has been received and is being reviewed). The Clydesdale organization has also provided rules for their process with embryo's and semen.

10). Kathy Behn asked about use of a portion of a prefix in a horse's name. One of their members has asked that a word from their prefix not be allowed in the name of any horse not bred by them. Registration of prefixes was discussed. PHAA handles similar situations through a manual check of names. The Belgian Corp. has an automated computer check for the entire prefix, but it does not work for a single word of a prefix. Others suggested requiring 1st and 2nd choices for names to address this earlier in the process.

11). Cost saving measures – all groups are struggling with this in this era of rising prices. Some suggestions were: Processing or convenience fees to help cover credit card fees. PHAA charges 5% or a minimum of \$5, but their cost is 7%.

Credit card companies have the right to crack down on these fees, but many businesses do it anyway.

Increase prices by 10% to cover fees.

Offer discounts for cash payment.

Review every item to determine if it is really necessary.

Postage costs and delivery problems were the main topic.

Costs keep increasing, but delivery is getting worse, even with 1st class.

ALL OF THE ORGANIZATIONS PRESENT INDICATED PROBLEMS WITH MEMBERS GETTING MAILINGS, BOTH 1st CLASS AND BULK MAIL.

Most are considering going to fewer mailings and more E-mail. Several are questioning their large brochures or newsletters and looking for something more economical to send out to members.

Many are mailing blank registration and transfer forms back to breeders with the certificates and transfers so the breeders can have them on file and the office won't have to mail out as many. Forms that are downloaded from the internet were also discussed.

It was also suggested that whoever you use for your printing may have a larger quantity bulk mail permit (lower cost per item mailed) and will mail for you at the lower cost. (ASHA has been using this approach for bulk mail items and the magazine).

12). Exchange mailing amongst the draft registries was discussed – E-mail if possible. It was suggested that once a year, each group send a list of board members (with email addresses) to the other groups so bulletins/newsletters can be exchanged.

All attendees strongly agreed that the meeting was very productive and helpful. The next meeting is scheduled for 2010 at the office of the Belgian Draft Horse Corporation in Wabash, IN. The meeting will be scheduled right before Horse Progress Days, which will be held in northern IN that year. Approximate dates will be late June or early July.

Respectfully submitted,

Karla Stoner

Vice President

PROBLEM RESOLUTION GUIDELINES

Do you have a problem with the Association? If so, here are the guidelines to be followed for resolving the problem.

1. Ask yourself if it is an Association problem. If so, talk directly to the party with whom you have a problem e.g., committee member, secretary, board member, President, etc.
2. If you do not get satisfaction, put your complaint in writing to the party concerned. (Verify delivery.) The party receiving the complaint should respond to you in writing within 14 days of receipt.
3. If you are not satisfied with this response, submit a written complaint to a board member of your choosing in a timely manner. (Verify delivery.) The board member shall notify the President (or Vice President if the complaint involves the President) that he/she is working on a problem. The board member shall interview all parties concerned in an attempt to mediate the dispute and then give each party involved a written recommendation in a timely manner.
4. If you are not satisfied after step 3, submit a written complaint to be addressed by the full Board. The Board decision will be final and so recorded.

Harrisburg, Pennsylvania

October 2, 2008 - October 4, 2008

Show Information

Shire Halter show is Thursday, October 2nd starting at 8:00 a.m.

Judges: Halter - Marion Young, Canada
Hitch: Joe Mulligan, New York
Youth: Corbly Orndorff, Pennsylvania
(showmanship and driving)

New Shire Class For 2008

Best American Bred Registered Gelding
Best Stallion Bred And Owned By Exhibitor
Best Mare Bred And Owned By Exhibitor
Jr. Cart Class - 2 and 3 year old registered
stallions, mares, or geldings

ASHA National Show 2008

Pre-Entry Closing Date:
September 5, 2008
(post entries accepted at twice the entry fee)

Premium Book Information
agriculture.state.pa.us/kile/site/default.asp

(Note Corrected Dates. Dates listed in the spring ad were in incorrect. My apologies for the error. - K. Stoner)

Fourth Annual USA Plowing Contest

August 30 – September 1, 2008, 10 AM to 5 PM each day.

Hosted by: Five Rivers MetroParks
Carriage Hill MetroPark Farm
An 1880's Historical Farm
7800 E. Shull Road, Dayton, OH 45424

Classes: Walking Plow, 2 Horse Sulky Plow, 3 Horse Sulky Plow, Gang Plow, Youth Plowing Class,
Antique Class

For More Information contact: Jim Butcher
jbutcher@metroparks.org or call (937) 275-5012

Our understanding is you have to have qualified earlier to participate in this event. If anyone is taking any Shires this year, please contact the office or any board member to let us know Shires will be represented.

If you plow with your Shires, consider getting information on qualifying for the event next year and notify the office if you do so. ASHA will try to find some sponsorship money for awards at this event.
